

Instructions  
 o Cut along solid lines, fold along dotted lines  
 o On inside disc, fold star flaps down  
 o Place inside disc and outside disc together  
 o Push star flaps of inside disc, through centre of outside disc  
 o Fold flaps all the way backwards and flatten (these flaps holds the 2 discs together)  
 o Turn over, put a TINY drop of glue on each flap  
 o Position small circle over flaps and press down  
 o Rotate the inner ring a few times in case glue oozes out and glues the two discs together
